# COPENHAGEN 2009 CLIMATE SUMMIT INFO PACK

## YOUR HANDY GUIDE TO THE COPENHAGEN PROTESTS

December 2009: UN Climate Talks are taking place in Copenhagen.

The aim of the talks is to set a new global agreement on tackling climate change, a replacement to the Kyoto agreement of 1997, but the prospects are not good... After 15 years of negotiations, emissions continue to rise at alarming rates, while climate criminals are allowed to pollute and profit. What is proposed for Copenhagen is yet more business as usual - a continued reliance on failed carbon markets to reduce emissions.

## CHANGE THE SYSTEM - NOT THE CLIMATE

Some people say that the talks are our last hope, that we have to put everything we can into getting a deal, that without an agreement in Copenhagen we are doomed. But not everyone sees things that way. Together we can take positive action to avert catastrophic climate change: to strengthen the voices of afflicted peoples, and to expose the roles of false market based 'solutions' in the worsening climate crisis. We - thousands of people active in the movement - are coming together in Copenhagen to say: ENOUGH! No more business as usual, no more false solutions!

Come to Copenhagen, be the movement, build a fairer, safer future.

Copenhagen is not the end of the story - its the start of a new chapter.

## WHAT TO EXPECT WHEN YOU GET THERE

Go to an info point: The info-point at "Støberiet" will open on the 5th of December.

Copenhagen is cold (average temp 0-5 degrees daytime, nighttime below zero). Bring warm clothes and waterproofs.

Denmark uses the Krone (DKK) as currency, which works out at about DKK8.5 to the pound. Copenhagen is very expensive (An average coffee is DKK25, a pint of beer is DKK40 - 50, and a sandwich is DKK40-50)

Everyone speaks good English.

The city is very flat and good for cycling.

### FOOD

There will be activist kitchens providing cheap food in central locations in Copenhagen such as info points, sleeping spaces etc. for donations of about 20 DKK (€2-3 per meal) there will be one at Klimaforum and one at Christiania.

### LEGAL

There is a specific legal group working on this, including border issues and support, your legal rights in Denmark and on UN territory. For info on your legal rights in Denmark see: [www.blackcross.dk/bustcards/la\\_english.asp](http://www.blackcross.dk/bustcards/la_english.asp)

## KITLIST - WHAT TO BRING

DO bring:

- Sleeping bag
- Sleeping mat
- Pillow
- EHIC card (European Health Insurance Card)
- Passport
- Photocopy of passport (most European countries insist on you carrying around ID with you at all times, although this is rarely enforced, but useful all the same in case you lose your passport or if it is stolen)
- Adaptor plug (2 round pins NOT 2 straight pins)
- Danish Krone (approx. 8.4 Krone to the pound)
- Euros (in case you want to buy and food/drink en route through France/Germany)
- Mobile phone with plenty of credit (+45 for Danish numbers)
- Torch (with spare batteries)
- 1st aid kit + painkillers if necessary (in some European countries it is hard to get Paracetamol/ Ibuprofen anywhere other than pharmacies)
- Any medication you need (it can often be difficult to get medication abroad)
- Waterproofs
- Plenty of warm clothes
- Flask
- Loo roll for the coaches (you'll know why if you have any experience of coach toilets!)
- Plenty of enthusiasm

DON'T bring:

- Conspicuous equipment for direct action (border searches on coaches are usually fairly thorough. On trains this is less of an issue as luggage checks are restricted to the Eurostar)
- Knives or bladed objects other than razors (again you don't want to give the Danish authorities any reason to not let you in!)
- Drugs (it may seem obvious, but its really not worth it)

## ACCOMMODATION

Forget about trying to get a place in a hostel or hotel, pretty much all the accommodation has been booked up well in advance.

OPTIONS:

### PRIVATE ACCOMMODATION

It is possible to try and book private accommodation, try looking at <http://en.housing.cop15.dk/search.aspx>.

### COUCHSURFING

<http://www.couchsurfing.org/wiki/Copenhagen>

COP15 hosts group on Couch Surfing: <http://www.couchsurfing.org/group.html?gid=18264>

### NEW LIFE COPENHAGEN

Accommodation with locals - everyone within an hour of Copenhagen can sign up as a host. Host and guest are put together randomly: [www.newlifecopenhagen.com](http://www.newlifecopenhagen.com)

### LARGE HALLS

Organisers are negotiating with local authorities to get large halls etc. for everyone to stay in. This is still in progress. You won't have to register. They are aiming to provide it free but might need to charge €3-6 depending on outcome of negotiations. Halls will have basics - toilets, heating. Not all halls will have showers, but there will be access to showers elsewhere in the city, but this might require a small payment. Halls are expected to be open for when the summit starts.

### PRIVATE ACCOMMODATION WITH DANISH ACTIVISTS

email: [privateaccommodation.cop15@gmail.com](mailto:privateaccommodation.cop15@gmail.com)

Please email containing name, how many of you there are, how many nights you want, if you all need to stay together or can stay separately (if you can stay separately, please send separate emails) and contact info. You will receive an email from your host a few weeks before COP15 so you can do the actual arranging yourself. Danish activists can only host a limited number of people. So if you don't mind staying in big public halls, you are asked not to go for this 3rd option.
