STRASBOURG-BRUSSELS
MAY & JUNE 2014**

films, photos and discussion

since recently different refugee struggles are getting together in europewide network and preparation meetings. the aim is to organize a europewide protest march from Strasbourg to Brussels in May/JUNE 2014. We want to protest against the European Elections and against the EU summit where refugee and migration policies will be made. In marching for our freedom we will break the EU-laws and we want to show that we are not accepting the isolation produced by racist and colonialist laws!
