### **¿Who are We?**

This fund is organized by participants of the collectives Escuela de cultura Popular Mártires de 68, Subversiones and Rancho Electrónico who will review the donations to the fund and will publicly document their distribution and use.

In collaboration with Comixcal Restaurant, Café Zapata, Medios Comunes, Radio Totopo and various autonomous brigades we are uniting our efforts to channel resources to relief projects organized by non-governmental groups without links to political parties.
